

There's a discount for everyone.

Save more with monthly discounts on qualifying plans and select accessories for corporate, government and education employees as well as valued service members and veterans.

The equipment or accessories are primarily general consumer discounts. The Employee Discount program offered by Verizon is for monthly services (but does not include unlimited data plans at this time).

*Unless otherwise noted, discounts apply to plan monthly access fees of \$34.99 or higher, and data features of \$24.99 or higher, when added to a plan of \$34.99 or higher. On plans with separate account and line fees, discounts apply only to the Account Access fees. Plans not eligible for discounting include, but are not limited to: Prepaid, already discounted promotional plans, unlimited consumer plans, standalone or unlimited connected plans, or data only plans.

Only one validation submission per account is required and applies to all lines on the account. Validation will not extend your wireless service contract. After we have processed your request, you will receive the discount currently available under your organization's agreement with Verizon. Please allow 1 to 2 billing cycles for any discount updates to appear on your monthly bill. If you're no longer eligible, your discount will be automatically removed from your account.
